Parish Voice is the **“Listening Ear”** of our Parish Pastoral Council.

Its purpose is to reflect the diverse population of Saint James Catholic Church. Geoff Clark and his team serve as a centralized resource for parishioners to bring both concerns and creative ideas ensuring thoughtful and timely follow-through by our Parish Pastoral Council.

This committee’s overriding objectives are to be:

- The primary source for communication for all Parish members and a direct conduit to the Parish Pastoral Council.
- A central place to bring concerns ensuring thoughtful follow through.
- A central place to bring creative ideas to enrich our faith community.
- An ever-expanding recruitment resource for those seeking greater active involvement in Church ministries.
- A resource to interact with other Parish Council committees and the greater community to connect and improve outcomes.
