

### **Stewardship Reflection**

Cameron McCullough

My name is Cameron McCullough and I am an altar server. I feel that the best way I personally can help my parish community is by serving God in this way, and I contribute to the Church by helping the priests perform the sacrament of Holy Mass. Not only do I get to serve God in this way, but I get to be up close to the wonderful miracle that is taking place at the altar. As members of God's Church, we are all called to use our time, talents, and treasures that God has given to us. We are called to give those gifts back to God. Altar serving is my way of using my talents to help God's body: His Church.
