The Third Sunday of Lent

PARISH LIFE

A Woman's Decision? "We often hear that the government nor anyone else should tell a woman what to do with her body. However, our government routinely enacts laws which prevent people from doing certain actions both to their own bodies and other peoples' bodies. Abortion is not about a woman making a decision about her own body. The child in the mother's womb is a separate, human being with its own heartbeat, DNA, blood type and fingerprints. Sadly, the vast majority of abortions are done as a form of birth control because the precious tiny child is 'inconvenient, too expensive or a burden'"

~ **Pastoral Statement of Bishop Michael Pfeifer, OMI, May 2021**

...The saved must also save. We cannot turn to God for mercy and be deaf to the cries of others for mercy. One of the three key Lenten activities is "almsgiving," because it symbolizes this basic truth about living our faith all year long. We are not allowed simply to look at God and thank him for rescuing us, individually. We are, rather, to let our gratitude become service, directed at rescuing others. This is the fruit of which Jesus speaks in the Gospel passage; this is the repentance he seeks of us.

God's name, as revealed to Moses, is "I AM." It does not only mean "the fullness of being." It means "I am here FOR YOU, to rescue and save you." The same words are spoken by God when he is announcing that he will rescue his people from their captivity in Babylon (see Isaiah 45) and when Jesus announces the liberating effects of his passion (see John 8). In our day, these reflections show us our obligation to rescue the most vulnerable human beings of all, oppressed by abortion and euthanasia.

~ **Priests for Life**

Our friends at Clarity Solutions invite you to attend their 2022 Fundraising Gala. It will be held at Severns Valley Baptist Church on April 26th from 6-8:30pm. The keynote speaker will be abortion survivor, Melissa Ohdan. Information and RSVP at: www.supportclarity.org/gala or (270)234-1122.

Tercer Domingo de Cuaresma

La caridad y limosna

Las obras de amor o de caridad siempre han sido parte importante de todo cristiano durante la Cuaresma y en toda su vida.

Hacer obras de caridad significa darnos a nosotros mismos a los demás, especialmente a las personas más necesitadas. Esto nos recuerda que no importa qué tanto tengamos, sino que lo que tenemos es un regalo que estamos invitados a compartir con los demás.

Las obras de caridad nos unen con Jesús, quien se dió a sí mismo completamente por nosotros. El establecer un comportamiento nuevo que incluya la vivencia de la caridad alegrará enormemente nuestra Cuaresma.

La caridad, el corazón de la vida cristiana, pide que miremos con atención a nuestro alrededor: el prójimo necesitado está a nuestro lado. No podemos ser extraños los unos a los otros, ni indiferentes a la suerte del prójimo. Muchas veces prevalece la indiferencia y el desinterés hacia el otro, fruto del individualismo y del egoísmo; nos refugiamos en el latiguillo de que 'es su vida', que hay que respetar la esfera privada de cada cual. Con frecuencia se trata de una excusa encubierta y de un desinterés egoísta por el otro. El mandamiento del amor al prójimo exige tomar conciencia de que tenemos una responsabilidad respecto a nuestro prójimo. Si cultivamos una mirada de fraternidad hacia el otro, la solidaridad, la justicia, la misericordia y la compasión, brotarán naturalmente de nuestro corazón.

La responsabilidad para con el prójimo significa querer y hacer el bien del otro, deseando que también él se abra a la lógica del bien; interesarse por el hermano significa abrir los ojos a todas sus necesidades no solo las materiales sino también las espirituales. El amor al prójimo comprende también la solicitud por su bien espiritual.

"El día siguiente sacó dos monedas y se las dió al posadero diciéndole: «Cúidalo, y si gastas más, yo te lo pagaré a mi vuelta.»" ~ Lucas 10,35. Todos queremos ser "buenos samaritanos". Al ver a nuestro hermano o hermana sufriendo, queremos solidarizarnos con su dolor. Queremos ayudarles. La limosna es dar de corazón. Es dar de lo que tenemos; es compartir nuestro pan. Y eso fue lo que hizo el buen samaritano de la parábola. Cuando se va, le da al posadero unas pocas monedas y le dice: "Cúidalo. Si gastas más, yo te lo pagaré a mi vuelta". El samaritano da libremente y de todo corazón, sin reservas ni condiciones.

Hora Santa todos los jueves a las 7:00 pm en la iglesia.

State Farm - Mike Wyman

March 22, 2022 is American Diabetes Association Alert Day for Diabetes

Diabetes is a long-lasting health condition that affects how your body turns food into energy. Most of the food we eat is broken down into sugar or "glucose" and released into the bloodstream. When the blood sugar goes up, it signals the pancreas to release insulin. Insulin is like a key that unlocks the door to the cell to allow the sugar in to be used as energy.

If you have diabetes, your body either doesn't make enough insulin and you have to take insulin shots, or can't use the insulin that it makes as well as it should. When there isn't enough insulin or cells stop responding to insulin, too much sugar stays in your bloodstream. Over time this can cause heart disease, vision loss, kidney disease, and nerve damage.

There are three main types of diabetes: Type 1, Type 2, and Gestational. Type 1 requires taking insulin shots because the pancreas does not make any insulin. Type 2 may or may not require taking insulin shots depending on how much insulin the pancreas secretes and may be treated with oral meds or other injectables. Gestational is diabetes while pregnant, may or may not need insulin shots.

There is no cure for diabetes yet, however losing weight, eating healthy, and being active can really help. Also, taking medication as needed, taking diabetes self-management classes, and keeping medical appointments can also reduce the impact of diabetes in your family.

There are 37.3 million US adults that have diabetes and 1 in 5 don't know they have it; 90% have Type 2 and 10% have Type 1. There are 200,000 youth living with Type 1. Diabetes is the 7th leading cause of death in the US. It is the #1 cause of kidney failure, lower limb amputations, and adult blindness. In the last 20 years, diabetes has more than doubled in adults.

Please get tested for diabetes, especially if it runs in your family. Also, please ask for a blood sugar test and urine for ketones if you take your young child to the doctor for treatment of flu or other diseases like Covid 19. This could save your child's life.

For more information on diabetes please check out www.diabetes.org, www.cdc.gov, or www.jdrf.org.
